

A collection of medical supplies including vials, capsules, and a syringe is arranged on a white surface. A dark, semi-transparent rectangular overlay covers the center of the image. On this overlay, the text 'Ai Wellness Care in VR' is written in a light blue, sans-serif font. The letter 'i' in 'Ai' and the 'e' in 'Care' are stylized with small, light blue diamond shapes. In the background, above the dark overlay, there is a faint, glowing blue circular interface element with concentric rings and small dots, suggesting a VR or digital theme.
